**Open Dairy Case
BEFORE glass
doors fitted**

Benefits:

- Longer refrigeration equipment life
- May enable your existing equipment to be converted from expensive R404a to environmentally friendly and much less expensive R134a
- Customer will linger longer in warm comfortable aisles
- Reduce or eliminate the need to reheat cold aisles

Features:

- Mullion-less door system provides an uninterrupted view along the length of the case
- ART Maslen energy efficient doors with toughened safety glass and stainless steel hardware

Options:

- heated glass • anti-fog film • coloured frames
- hidden vertical LED lighting system (patent# 2010100496) embedded in the doors
